

SIMS STUDENT APP

QUICK SETUP GUIDE

For this academic year we will be using the SIMS Student App for setting and monitoring all homework. This will replace the student planners. From this point on, all homework will be set within the Student App and it is the responsibility of students to ensure they monitor their homework tasks.

The SIMS Student app allows us to easily communicate with you. Using the website or the app you are able to monitor all of the homework that your teachers have set for you. This can be done in school during breakfast club, homework club or after school.

*** Mobile phones are NOT to be used in school.**

Follow the steps below to setup and install the SIMS Student App.

STEP #1: Receive the Activation Email

1. We will send you an activation link to your school email account. Simply click on the link inside the email from your tablet, PC or smartphone to activate your account.
2. After clicking on the link in the email you will now be asked to login using your school email account (choose Microsoft).
3. You will be asked to confirm your date of birth.
4. Congratulations, you have registered for the SIMS Student App.
Now you just need to download the app!

** The email will be from noreply@sims.co.uk so please check your SPAM or Junk folder if you cannot find it.*

STEP #2: Login Online or Download SIMS Student App

You can login via the website: www.SIMS-STUDENT.co.uk

Alternatively, you can download the FREE app from the Google Play or Apple App store. Search the store for 'Sims Student App'.

- Login using your school email address and password.
