

1<sup>st</sup> October 2018

Dear Parent/Carer

As you will be aware, UCEA is in the process of being re-brokered. We are now in a position to be able to share with you that the preferred sponsor for UCEA is The Frank Field Education Trust (FFET). The Department for Education (DfE) has started the process of transferring the school to the new Trust, however this is subject to FFET final due diligence investigations.

FFET is chaired by well-respected, long standing local MP for Birkenhead and champion of social justice, Frank Field MP. Its ethos is to promote social justice through outstanding educational provision to improve the life chances of all children and young people, including those from disadvantaged backgrounds, so that they fulfil their potential.

Both UCAT and FFET will work together to support staff and students through the re-brokerage process.

Finally I would like to reassure you the uniform and PE kit will not change this academic year and any future change will only occur after consultation with our community.

Yours faithfully

**Mr Iain Robinson**  
**Principal**
